OFFICIAL QUESTIONS AND ANSWERS

Official Questions and Answers:

Question: The fence detail on Attachment A calls for "Object Markers", but is ambiguous in their spacing. The first bay of the "Wood & Post Cable Unit" shows an object marker between the two posts, but the second bay does not. Is a marker to be installed between each post such that markers are spaced 20' on centers, or is the spacing of the markers to be greater than that?

Response: TPWD does not wish to have markers installed on the fence.
